3. Principles for various types of remuneration, etc.

The total remuneration to Senior Executives shall be in line with market terms and consist of base salary (fixed cash remuneration), variable cash remuneration, pension benefits and other benefits. In addition, the General Meeting may – irrespective of these guidelines – resolve on, for instance, share- or share price-related remunerations.

Fixed remuneration

The fixed remuneration, meaning the base salary, shall be based on the individual employee's area of responsibility, authority, competence, experience and performance.

Variable remuneration

The allocation between base salary and variable remuneration shall be in proportion with the area of responsibility and authority of the executive. The variable remuneration shall always be pre-limited to a maximum amount and related to predetermined and measurable criteria, designed to contribute to the business strategy and long-term added value of the company.

The annual variable remuneration is designed to promote the company's strategy to produce and offer products that can support in making health care more efficient in the long-term and to provide better health care for the people who need Getinge's products. If the above-mentioned activities are performed in an efficient and sustainable way, one outcome is improved financial results and increased capital efficiency, which constitutes the foundation of the variable remuneration. The sustainability work is integrated in the company's day-to-day operations. If the company's principles for sustainability or ethical guidelines are not complied with, the company has the possibility to withhold any variable remuneration or reclaim already awarded remuneration.

By connecting the performance target to the shareholders' objective, a common interest to promote Getinge's business strategy, long-term interests and value creation is created. Payment is subject to continued employment at the end of the vesting period for the LTI-bonus (with some customary exceptions).

The vesting period for the LTI-bonus shall be not less than three financial years. The payment of LTI-bonus per each three-year program shall be capped to 33% of one year's base salary. A new LTI-bonus program can be set up every year with a duration period of three years.
